Lord Baltimore School

Today you are about to leave us. Henceforth greater responsibilities and more exacting labors await you. For years your parents and your teachers have guided or directed you. You have been given all the advantages within their power to bestow. You have learned where the wisdom of the world may be found.

In your years of study, you have been the recipient of intellectual benefits. In the years to come, it is your duty to give, rather than to receive, to share with others the bounty of your mind, and to make the world better and wiser for your having been in it. Remember that to him who uses his talent, more shall be given. From him who uses it not, shall be taken that which he hath.

During the four years you have spent in study with us you have become an integral part of our school life, both social and educational, and have been a valuable addition to both. We shall miss you, but we know you have work to do in the world, and we bid you Godspeed.

Chester V. Townsend, Jr.
President

Dedication

She has understood our problems, assisted us with patience of steel, listened to our complaints with an admirable smile, inspired us with confidence, encouraged us when we were disheartened, and enhanced our chance for success.

Her determined effort to make us satisfied and happy shall always be remembered as one of our most precious high school memories. Words can't express our appreciation for her various contributions; but to show how much we love, honor, and respect her, the Class of 1957 lovingly dedicate "The Eagles Nest" to Mrs. Viola Betts, our class advisor.

Alma Mater

Now we sing our Alma Mater
For the school we love so well
Baltimore, your memories linger
As your loyal students tell.

All the days we spent together
Make us love you more and more
Baltimore we love your classrooms
Where we pondered o'er and o'er.

Years may dim our recollection
But we'll ne'er forget thy name
Though your walls may fall and crumble
We will love thee just the same.

CHORUS:

Alma Mater, Alma Mater
This our song we sing to thee
Baltimore we hail your colors
Green and White shall always be.

It is our earnest hope that you boys and girls who are graduating will become what we think you will be: our very best citizens.

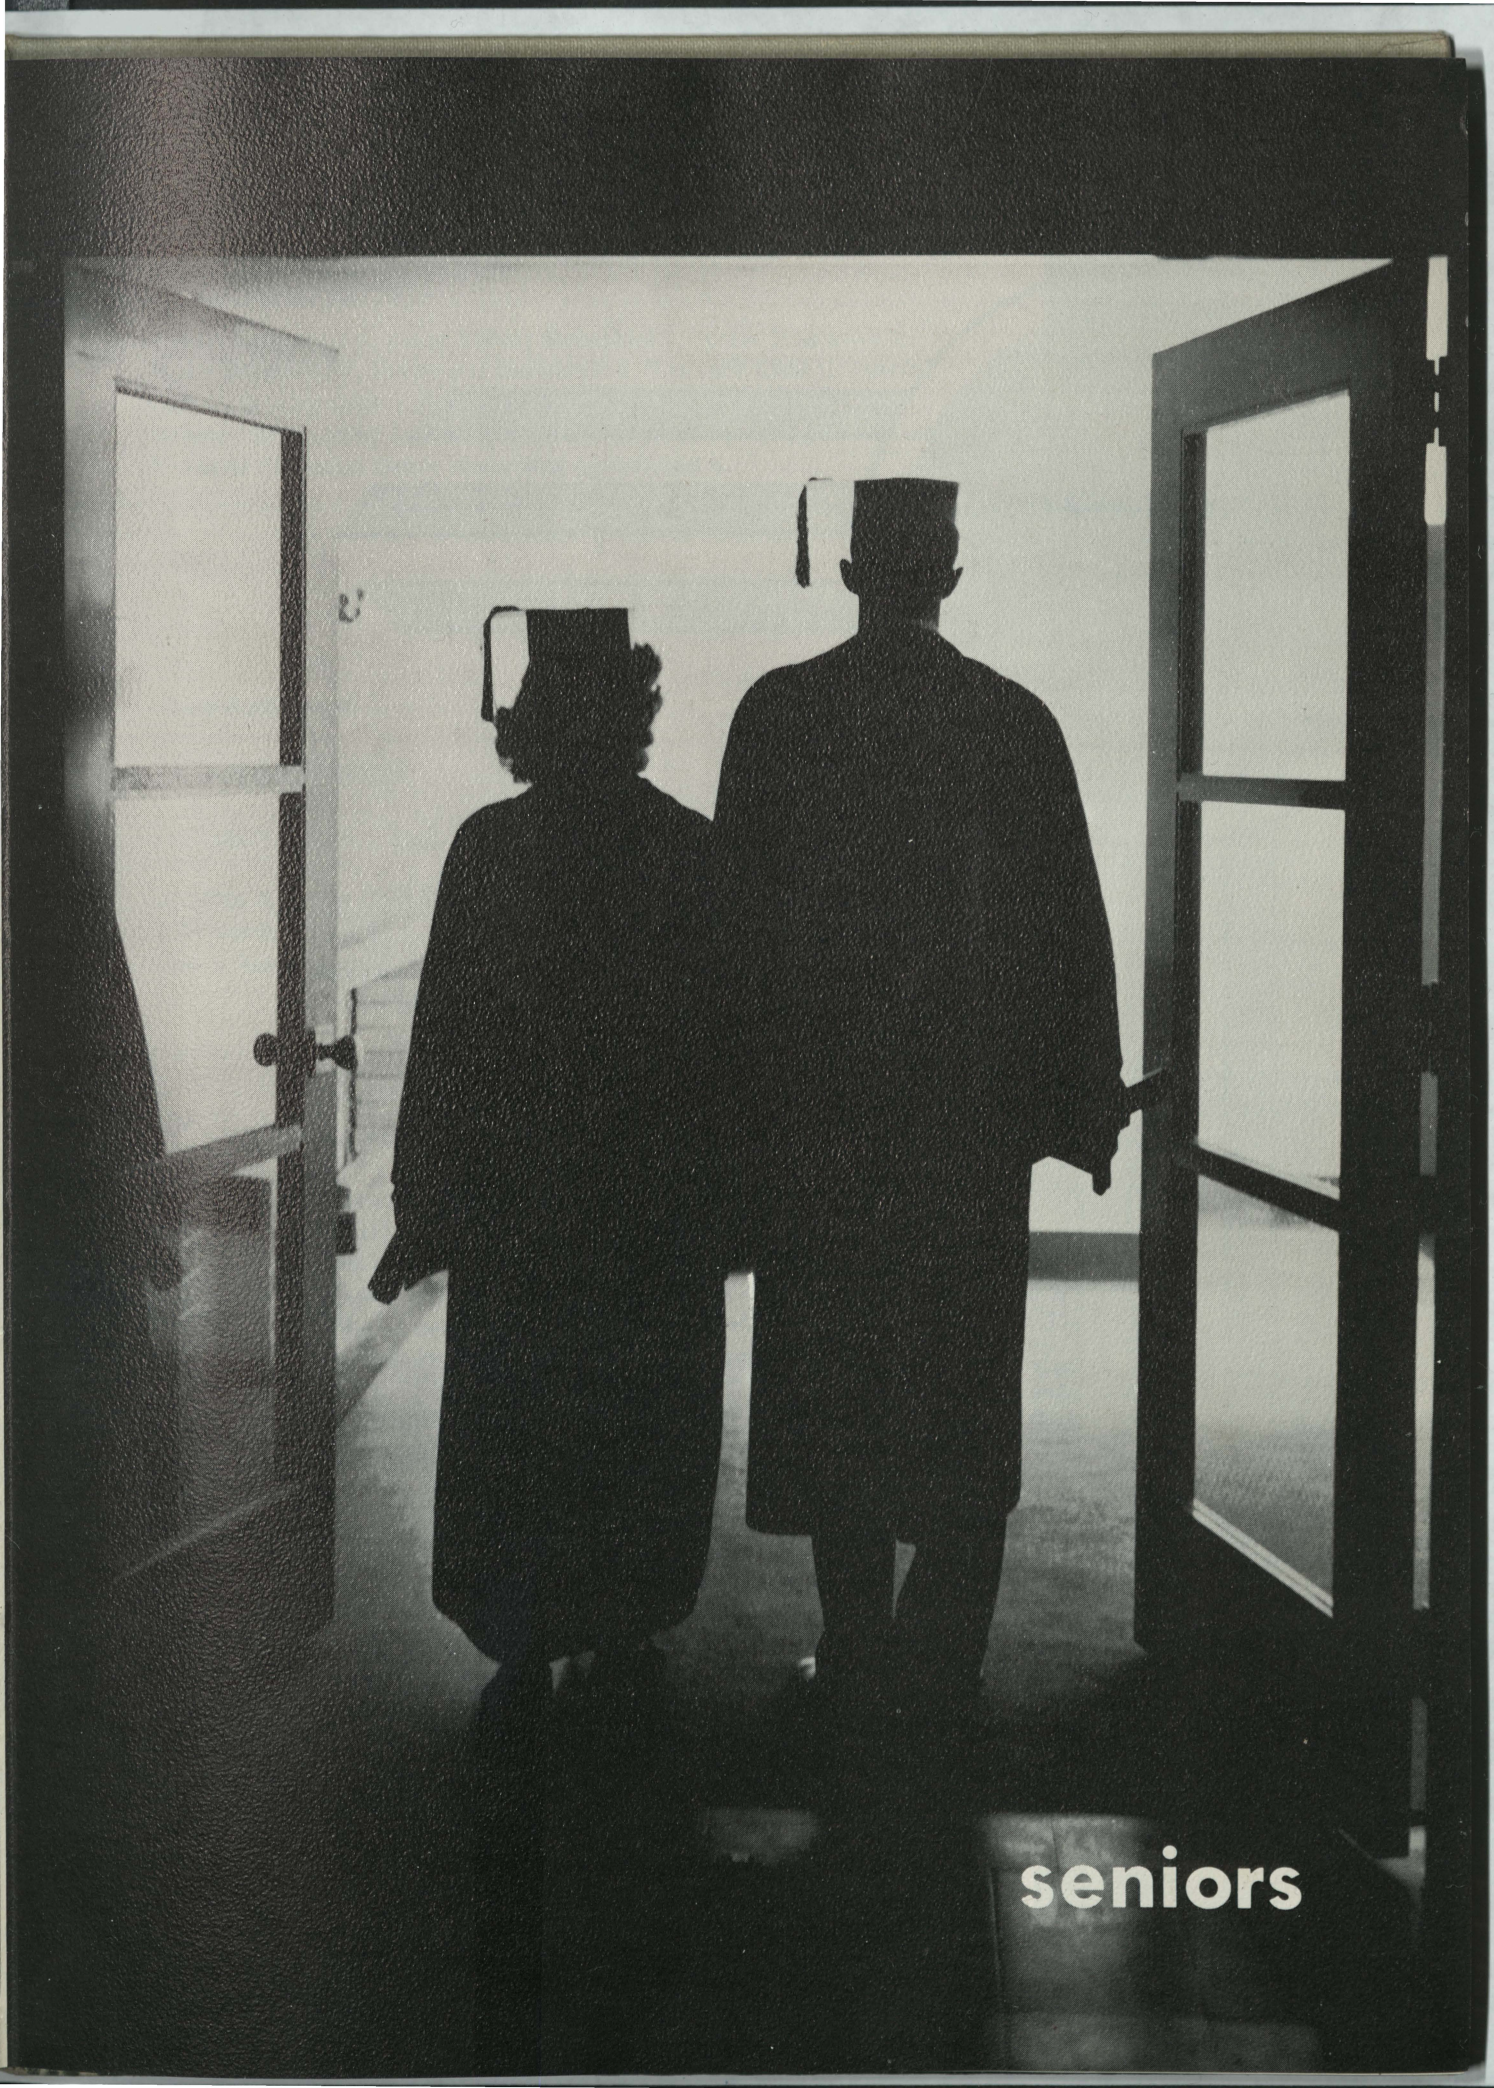
Stoddard, the American poet, once wrote:

"There are gains for all our losses,
There are balms for all our pain;
But when youth, the dream, departs,
It takes something from our hearts,
And it never comes again."

It has always seemed inexpressibly sad to me that dreams should depart with youth, or that youth should be regarded but as a pleasant dream. He who loses his dreams as he grows older loses much that makes life delightful. Our dreams are an essential part of our development; we must dream great things when we are young and hopeful. Then as we achieve maturity, we can translate those dreams into action. To dream and then to do constitutes the field of life's endeavor.

I hope that it will be possible for each of you to hold fast to your dreams and, with the passing of the years, to turn them into reality. Then the poet's feeling of "Something beautiful that has vanished" will not be yours, but rather the foy of achievement and the satisfaction of ideals fulfilled.

Fred Graf



seniors

To the Seniors of 1957

The doors of L. B. are closing behind you. Graduation in itself is a worthwhile accomplishment, but greater opportunities lie before you. These are times which demand a background of knowledge, skill in performance, and an awareness of your own responsibilities. Do not let your education stop now; the world demands progress.

You are ending your high school days and facing the world as adults. Many will give you advice, but the final decisions must be your own. Through twelve years, the school has endeavored to aid you in developing your natural abilities. The future is yours.

My wish is that each of you will be a happy and successful citizen meeting your responsibilities, fulfilling your obligations, and never shirking your duties.

I am happy that thirty-one of you have reached this mile post in your life, but I'm sad to see you go. You will be missed by

The Class History

The sun rose clearly and brightly on the morning of September 5, 1945. In many homes no alarm clock was needed, for on that day sixty-two boys and girls were to enter school for the first time. Some of us were so grown-up that we did not want our mothers to go with us; we wanted to ride the school bus. Others agreed to have our mothers take us in the automobile, but a few begged our mothers to stay in school with us.

Mrs. Gordy and Mrs. Wharton were at the front door to meet us. All were gathered in Mrs. Gordy's room until we were divided into two sections and Mrs. Wharton took her group of thirty-one across the hall. Of course, we learned to read that year, but how we marched and sang! Rodney can still sing, "Oh, What a Lovely Rainy Day." We remember how hard it was to stay in line and how hard it was while waiting our turn at the drinking fountain.

In the second grade we numbered fifty-two. Mrs. Wilson and Mrs. Gordy were our teachers. Our community was explored and studied. We feasted on the cheese we made ourselves.

In grade three Mrs. Ewing and Mrs. Long were our teachers. Two plays, "Hansel and Gretel" and "Jack and the Beanstalk," were given for the enjoyment of our parents. We frequently were called upon to help Mrs. Ewing find her glasses, which were usually on the top of her head.

Mrs. Simpler and Mrs. Long were our teachers in fourth grade. At this time the entire school was grieved because of the death of Billy Bant, one of our classmates.

In fifth grade our most important project was the study of Delaware. With Mrs. Evans (now Mrs. Macklin) and Mr. Short we visited Lewes, Dover, and Wilmington in order to see the historical places of our state. Baseball was our favorite game. For May Day our girls were chosen to do the Maypole Dance.

In sixth grade there were only forty-four of us. As a result we were crowded into the two small rooms of the old building with Mrs. Betts and Mr. Mezick until the new elementary building was finished. Then we moved. Our new rooms seemed perfect. How we enjoyed the art work and square dances! This year we invited guests to a tea to show our new room. For their entertainment we put on a program about China and Japan. Rachel and Peggy poured and were given their first corsages. Even the boys practiced how to balance the cup and napkin while drinking tea. After studying Africa, we visited the Philadelphia Zoo.

Seventh grade - Junior High School - Mrs. Koenig and Mrs. Betts, homeroom teachers. We began our activities as one group. George Rogers was elected president, Betty Jean Megee vice president, Jane Wilgus secretary, and Fay Wingate treasurer. Our activities included a skating party, a real hayride in Mr. Rickard's truck, and a picnic at Holt's Landing followed by a theater party. During this year as a social studies project we went to Philadelphia to visit Independence Hall, Wanamakers, and the Franklin Institute.

In the eighth grade we had the same homeroom teachers. Class officers were Betty Jean president, Harold Palmatary vice president, Rachel Holt secretary, and Peggy Betts treasurer. Barbara Bradford joined our group. Our picnic was at Peggy's cottage at Maridel Beach.

Thirty-three freshmen entered in September 1953. Mrs. Betts was now our only class advisor. With a will we set out to earn money. Our class officers were: Harold Palmatary president, Jackie Stephens vice president, George Rogers secretary, and Wendel West treasurer.

Our skating party was a huge success; so many tickets had been sold that Mr. Wood and Mr. Koenig drove their cars to carry those who could not get on the two buses. Our class had a few Monday night parties so that all the boys could learn to dance before our big spring dance. The chicken and dumpling dinner and bake were both financial successes.

During our sophomore year Billy Jager decided to stop school but Morris Berzins became one of us. Again we had a skating party, benefit movie, dance, and dinner. Class officers were: president, Ann Wilgus; vice president, Valdia Megee; treasurer, Betty Jean Megee and secretary, Marjorie Turner. Class rings were ordered.

Juniors! Jack Stephens moved to New Jersey during the summer, and Kathryn Melson was so ill that she attended school only two days. Now there were only thirty of us. Our class rings were received. For months we worked and planned for the Prom. Officers were president, Wendel West; vice president, Rodney Justice; secretary, Peggy Betts; treasurer, Barbara Bradford. Judy Knox and Valdia Megee were our representatives at Girls' State. Roger Hitchens and Ralph West were our representatives at Boys' State.

In this our senior year, Edward Smyth, who came from England, increased our number to thirty-one. Our elected officers are: president, Wendel West; vice president, Ralph West; secretary, Marjorie Turner; treasurer, Valdia Megee. On September sixth and seventh the entire class canvassed the area selling ads for our yearbook. The yearbook club with Mrs. Joines as advisor has worked to publish an attractive and successful "Eagle's Nest for 1957." In October our president, Wendel West, was awarded a trip to Kansas as a member of the National Band. One of the senior activities was the Christmas Dance on December 20.

On May 23, we left for Washington, chaperoned by Mr. and Mrs. Graef and Mr. and Mrs. Betts. For four days we toured our capital and had fun together. Upon our return we planned our commencement.

For twelve years we have worked toward this goal. Now as the time approaches our joy is mixed with sadness. We cannot show how much we appreciate all the kind things everyone had done for us. The sad part of our senior year is trying to say good-by to our class advisor, Mrs. Betts. She will always be an outstanding woman and we shall never forget the love and willingness that she has shown in these past short years. As we go our separate ways into this world, we know Mrs. Betts will always be willing to help us with various problems. Mrs. Betts, the class of 57 loves you and shall never forget your kind and sweet face.

Prophecy

The day, June 14, 1962, has finally arrived for our fifth year reunion. How eager we are to see our old classmates! Why just the other day when Mrs. Betts, our class advisor, called to make the final plans for this reunion, she told us that JoAnne and her husband who are in the deepest and darkest part of Africa doing their missionary work, would probably not be able to attend. That caused us to wonder whether Ralph, a rock and roll singer, who is appearing nightly at the Latin Quarter in New York City with Wendel West's Orchestra and Ann, a popular singer, making a tour of England, would be able to come. Incidentally Ann called yesterday to say that she would be with us and just guess who the telephone operator was - Why Dolores Magee of course!

The guests have begun to arrive and much to our surprise, Rachel was the first! She is quite busy with rehearsals for her new stage show. She told us that Peggy had designed all her costumes for the show, even though she is the fashion editor of Vogue Magazine. Sandra, who is married to the outstanding Texarkana basketball coach, has just arrived with her husband. It's really wonderful to see them as they have been in Texas for over four years!

Next to arrive was Marjorie, a secretary at Bradford and Bradford Company. One of the Bradford's is Barbara, who is quite a successful stenographer now! Faye, a T. W. A. airline hostess, and George, a T. W. A. pilot, arrived at the same time since their plane had just completed its seventh trip around the world!

It is so nice that our alma mater has employed some of our classmates. Jane, a senior chemistry teacher; Judy, the commercial teacher; Ollie, the school nurse; Jerry, head of the kindergarten department; Morris, the agriculture teacher; and Geraldine and Lorraine as school secretaries.

We found that we have two noted scientific engineers with us today, Harold and Edward Smyth. They were saying that on their way down from Wilmington they noticed three very large farms and were amazed to see Justice's, Calhoun's, and Dolby's names on the mail boxes.

Just as we were welcoming Valdia and Yvonne, who are both happily married now, we heard a horn blow. Much to our surprise it turned out to be Eddie, the president of Murray's Inc., driving his shiny new "62 Imperial!" Right behind him in a sporty Oldsmobile is Mearl Layton; he really is quite handsome in his Army uniform. Roger, president of the Hitchco Service Stations, is next to drive in with Betty Jean, his secretary. As soon as Ward arrived, he began telling us of the travels that he had had with his insurance company. Surprise - Here comes Ann and JoAnne. They added much to the talk of travels.

As we were eating, we heard a group of bobby soxers yelling in the yard. At the same instant, the door opened and in rushed the teenagers' idols - Ralph and Wendel.

At last our reunion was complete. Our meal was enjoyed by all. Mr. and Mrs. Betts were very happy to have their large family at home once again. How lonely it has been without us!

PURINA ANNOUNCES

A better Broiler Chow...a better feeding program for today's advanced strains

Result to you—Up to 170 lbs. *More Meat* per 1,000 Birds on 30 lbs. *Less Broiler Chow* and...Maximum Feathering During Hot Weather.

Broiler Chow Starter now has more protein, less fiber

To help you get maximum performance and feathering from today's high-bred broiler chicks, Purina Researchers have further improved Broiler Chow Starter by increasing the protein guarantee from 22% to 23% and reducing the fiber from 5% to 4%. This means a faster start than ever before on Purina and maximum feathering during hot weather.

New feeding program designed for today's faster growing strains

Records from many reserach test pens and hundreds of field results show that birds are now reaching heavier weights and are ready for Broiler Chow Finisher sooner than they used to be only a few years ago.

To permit you to get maximum feed efficiency from today's rapid growing broiler chicks, your chicks will now change over to a finishing-type feed two weeks earlier than previously.
